

EZ TRAP, Incorporated
RE: Condensate Trap with Overflow Switch

DISCUSSION

Current production samples were tested and examined by the Mechanical Testing Laboratory. The material and construction are equivalent to that prescribed by the Los Angeles Municipal Code in quality, strength, effectiveness, durability and safety.

For this General Approval to be valid on any individual construction project in the City of Los Angeles, an engineer or inspector of the Department of Building and Safety must make a determination that all conditions of the General Approval required to provide equivalency have been met in the case of each construction project under consideration.

This approval is granted under Sections 94.301, 94.801.0 and 94.807.0 of the LAPC and Sections 95.105 and 95.310 of LAMC, 2002 Editions.
